

## **A-Level Biology**

**Exam Board:**

OCR

**Preferred Entry Requirements:**

GCSE Science grades A\*-B.

**Coursework:**

20% - 3 x internal pieces of coursework - Coursework tests three main areas of scientific analytical skills, the ability to quantify, evaluate and qualitatively manipulate data.

**Examination:**

F211 – 1 hour written exam; 30% of AS grade  
F212 – 1 hour 45 minute exam; 50% of AS grade

**Is this the right course for me?**

A-Level Biology offers you the opportunity to extend your understanding of the subject further from GCSE. It is a challenging course but will enhance and improve your understanding of key biological concepts. If you have a passion for science and are willing to work hard you will do well. Further studies include a wide variety of biological based degrees alongside being a staple qualification for Medicine, Dentistry and Pharmacy.
