

## **A-Level ICT**

**Exam Board:**

AQA

**Preferred Entry Requirements:**

5 A\* - C, including grade B and above in GCSE English, Maths and ICT.

**Coursework:**

AS: 25% - INFO 1: Practical Problem Solving in the Digital World: Health and safety in relation to the use of ICT systems; sample work—Analysis, Design, Implementation, Testing and Evaluation of ICT solutions. 25% - INFO 2: Living in the Digital World: ICT and its components; data and information; safety and security of data in ICT systems; back-up and recovery procedures.  
A2: Unit 3: INFO 3: 30% - The Use of ICT in the Digital World: Section A-structured questions based on pre-release material; Section B-questions requiring extended answers. Unit 4: INFO 4: 20% Coursework: Practical Issues Involved in the Use of ICT in the Digital World: Students complete a project involving the production of an ICT-related system over an extended period of time.

**Is this the right course for me?**

Yes, if you wish to gain practical skills in a range of hardware, software and communications technology for solving a wide range of problems. You will learn the theory in using ICT and look at the issues which the use of ICT creates.
