Is this the right course for me?	Yes, if you wish to progress to degree level study in both Physical Education and/or Sport Studies. Physical Education is a fantastic qualification to take and some content overlaps with Biology and Psychology. You would be expected to have successfully completed a GCSE in Physical Education or BTEC Sport. The intention of this course is to extend knowledge brought from Key Stage 4 to an advanced level. It is strongly recommended that you participate in at least one sport or physical activity on a regular basis in your own time and that you do have a strong interest in sport and physical activities.
