Examination:	G481 – 1 hour written exam; 30% of AS grade G482 – 1 hour 45 minute exam; 50% of AS grade
Is this the right course for me?	Physics is a challenging and demanding course ideally suited to those who enjoyed the aspects of Physics studied at GCSE. A passion for problem solving both mathematical and practical will aid those wishing to study this exciting subject. Physics is essential for further study in a number of courses, including engineering. It is a challenging course and will require a lot of additional research outside of lessons. Those looking to study A-Level Mathematics often choose Physics at A-Level.
