

We're going cashless! It's time to switch to Swift.

We have decided to change our West Midlands services to be cashless.

Rather than giving the driver cash, you can tap your Swift Card and the balance will be deducted from that.

This is a similar system to many other UK cities.

How does it work?

- You order a Swift Card, and load an amount of money onto it.
- Whenever you board the bus, simply place your card on the reader, and ask the driver for a ticket
- Your fare will be deducted from your card's balance.
- When your balance runs low, it can either automatically top-up, you can top-up online, or at a Payzone outlet.

How do I get a Swift Card?
