

5th March 2015

Dear Parent/Carer,

RE: YEAR 8 INTERNAL EXAMINATIONS W/C MONDAY 23RD MARCH 2015

Our Year 8 students will be sitting internal examinations during the above week. These will take place in the Examination Hall (Quest) and will be formally invigilated under examination conditions. They will take place during the normal Academy hours, and the timetable for these is attached.

We would welcome your support in stressing the importance of quality revision and preparation to your child. Furthermore, as you always do, please ensure that your child is punctual and prepared during the examination week.

These examination results will be used alongside a range of data to inform Interim Report 5, as well as setting within subject areas, and it is therefore critical that students use them as an opportunity to demonstrate their full potential.

Further to this, the formal nature of this process will be extremely valuable experience for your child in improving their technique, and will form key preparation for future external examinations such as GCSEs.

Thank you for your continued support.

Yours faithfully,

Mr A Leadbetter
Examinations Officer
