GOVERNORS LINK COMMUNITIES AND SCHOOLS

Governors are the link between the Academy and the community and representatives of all those with an interest in the well-being and reputation of the Academy.

We are all volunteers working in our own time, and we are all busy people. However we feel that we gain much in personal development as well as a feeling of satisfaction that we have played an important part in improving education in the local community. There are opportunities to work with others on all aspects of strategic planning and management including financial oversight and personnel issues. Although we deal with the Academy finances, we employ staff to do the actual work on our behalf, just as we take an interest in the teaching but employ teachers to actually teach the students.

TEAM WORKING

We work together as a team. Sometimes the whole governing body is involved and sometimes we work in smaller committees or working groups. This gives us the chance to develop specific interests of our own as well as for the benefit of the whole governing body. Those of us who are not currently employed outside our homes, find that being a governor provides an opportunity to get together with other adults who we may never have met in other circumstances, work as team members in a worthwhile cause and develop skills and expertise that we weren't certain we had before joining the governing body!

DIFFERENT PEOPLE

The governing body seeks individuals from as many different backgrounds as possible in order to fully reflect the community the Academy serves. Everyone has something to offer. Specific training (free) is available to develop an understanding of finance and budgeting, strategic planning, and personnel issues and there are staff who can support and advise individuals and the governing body in their responsibilities.

REPRESENTING PARENTS

As a parent governor you would be a representative of the parents, but you would not be mandated to vote on their behalf. It may be useful to get the general feelings from parents on various issues from time to time, but in seeking to fill the post of parent governor, the governing body are looking for someone who will help them see the Academy from the widest possible viewpoint. Parents are vital to the work of the governing body. As a parent governor you will be a governor in your own right with the same responsibilities as everyone else to work together as part of the governing body for the good of the Academy.

MAKING A DIFFERENCE

Governors can make a real difference to the performance of the Academy and have a real part to play in its success. If you are interested in joining us to help improve education for the children in our Academy, please return the nomination form within the next five days to receive an application form.

**Please return nomination form to become a parent governor to:
